FAA Academy Reimbursable Course Price Listing

FY17

October 1, 2016

Distribution: Enclosed

Initiated by: Financial Management Branch

Federal Aviation Administration

Memorandum

Date: 12/2/2016
To: Catalog Customers
From: Sherry Reese, Director, FAA Academy, AMA-1
Subject: FY17 Reimbursable Course Price List

Please find enclosed the FY17 Reimbursable Course Price Catalog. The courses listed and their prices will be effective October 1, 2016. In accordance with The Economy Act (31 U.S.C. 1535), we are required to recover any and all costs for services provided outside the FAA.

The prices published in the listing apply to non-FAA students from other government agencies, industry, or international, who fill a quota of seats in classes scheduled for FAA delivery. As such, we have made every effort to ensure that only the costs associated with delivery of a single class iteration has been passed on to this customer.

Agency policy mandates that all enrollments of non-federal students shall include advance payment of tuition. In general, advance payment will not be waived. Under very extreme and rare circumstances, a waiver or reduction in the advance payment may be considered and must be approved by the FAA CFO.

The catalog may also be found on the FAA Academy intranet on the Training Catalog page. Any updates throughout the fiscal year will be posted to that site. Any questions may be directed to the Financial Management Branch (AMA-20) at (405) 954-5870. Thank you for your continued support.

REIMBURSABLE COURSE PRICE LISTING

FOREWORD

The prices published in this listing are based on the standard hours and resources required to deliver a single iteration of the FAA Academy's planned resident training at the Mike Monroney Aeronautical Center. Non-FAA students may enroll in these courses as slots are available. In this context, only those costs related to the single course delivery are passed to the customer. In addition to the base, the agency has established administrative overhead rates. In the case of courses delivered at the Mike Monroney Aeronautical Center, that rate is 19%.

The individual training divisions may be contacted if you wish to arrange training for delivery exclusively to your group. In this context, we are required to recoup our full costs in accordance with The Economy Act (31 U.S.C. 1535). Prices will be calculated for each unique delivery setting.

To obtain a price for a field delivered course or for a price on a course not listed herein, please contact the following:

Training & Evaluation	405-954-8858
Air Certification	405-954-9459
Air Traffic	405-954-8226
Airport	405-954-1578
Technical Operations	405-954-6017

As noted above, any field delivered course will require the training division's coordination prior to obtaining a price.
